Presco ✓

40 years of trust.

Hello!

At Presco we are committed to giving you **outstanding customer service**, every time.

Hear from some of our customers and find more reviews online.

Presco✓
40 years of trust.

JF

Presco were absolutely terrific. Their advice and customer service were second to none. I can't recommend them highly enough.

TB

Amazing service.

Can't recommend enough, one of the best customer experiences I've had for a long while. Presco clearly have their heads screwed on when it comes to customer service.

HP

We've used Presco for years... They're a super efficient firm with a great range of products. I've been happy with everything I've bought from them.

JH

Top quality products and a fast delivery service.

I will definitely use Presco again.

Guarantee+tape= Guarantape™

TAPES DESIGNED TO BE TRUSTED

We understand how important it is for you to completely trust any tape used in your project. The ultimate nightmare is a phone call after delivery to say the tape is not sticking properly. That is why we supply tapes that are designed to be trusted.

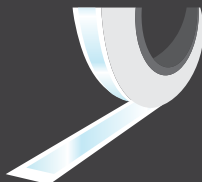

Guarantape is manufactured in world class production facilities with expert backup all the way from design to production quality control. So when you buy Guarantape from Presco you know it can be trusted to do what the description says.

Read more about our story at presco.uk/tape.

FLUSH EDGE OR FINGERLIFT TAPE?

Flush tape same width as backing paper

Fingerlift tape is 3mm from edge of backing paper

One of the questions we are often asked is the difference between these two tape types.

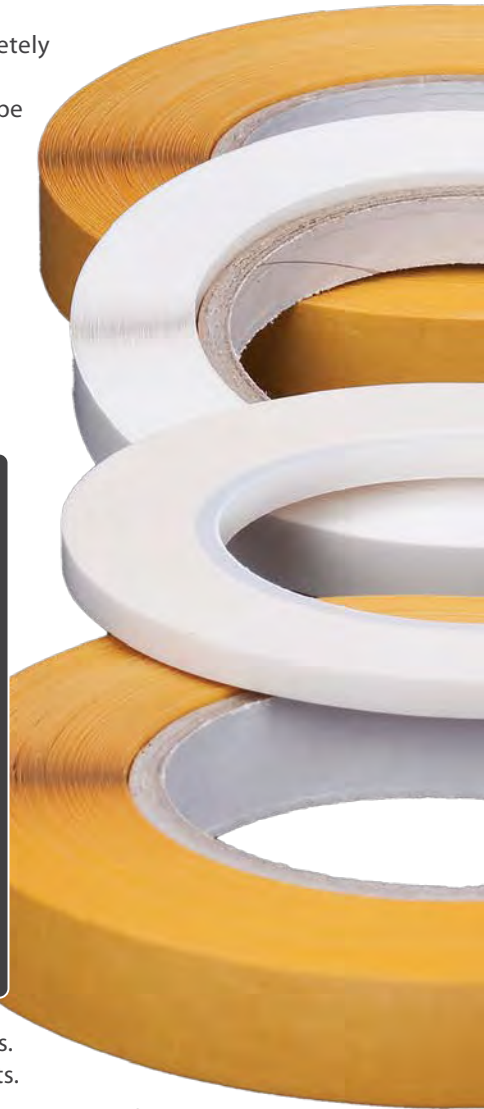

On **flush tape** the backing paper is the same width as the adhesive strip.

On **fingerlift** the backing paper is 3mm wider each side than the adhesive strip.

Fingerlift makes it far quicker to remove the backing paper for the second stage of assembly and is especially worthwhile for longer runs of work.

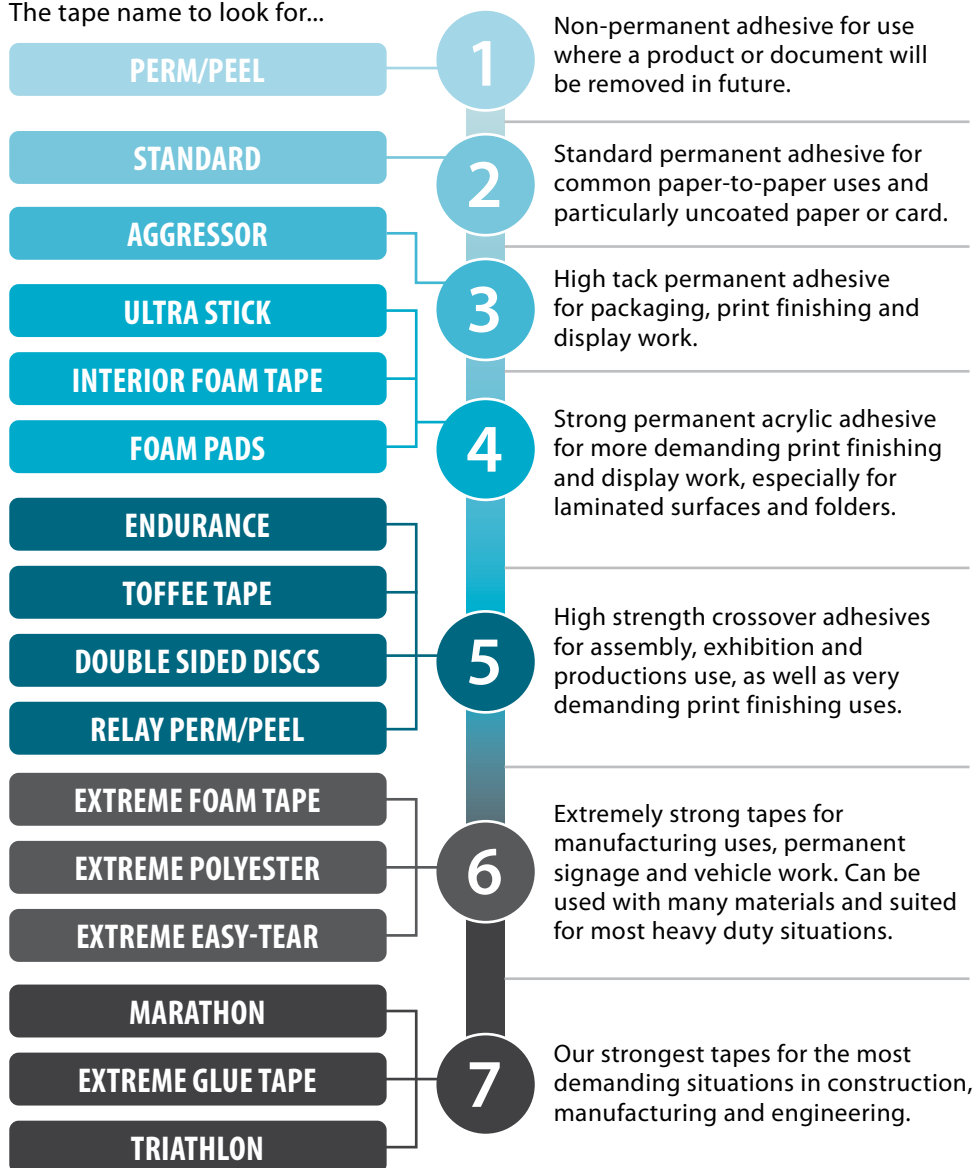

We produce many other tapes, widths and roll lengths. Please contact us to discuss your specific requirements.

When you need tapes that can be trusted, we're here for you.

Making tape specifying easy **ADHESIVE STRENGTH LEVELS**

The tape name to look for...

STANDARD

Guarantape™

Standard level tape is the entry double sided tape for all simple paper to paper and light uncoated cardboard applications. With a permanent adhesive that is best when used with standard open-pore uncoated surfaces.

Use for: Uncoated paper to paper or card, litho printed paper and board, lightweight envelopes. Not suited for work with higher stress joins – such as gusseted folders or retail packaging.

Tape is supplied either with a **flush edge** or with **fingerlift backing**

AGGRESSOR

Guarantape™

ADHESIVE
LEVEL

3

An aggressive adhesive double sided tape, giving a permanent bond for litho and most digital printed work, with uncoated or low-gloss coated materials. This is the tape of choice for many print finishing tasks. Has high initial grab compared to our Standard tape.

Use for: Folders or boxes using materials that have a firm uncoated surface, fixing showcard struts, stock with a slightly loose surface that needs a higher initial tack, semi-gloss coated papers.

50m rolls

EXTERNAL ULTRA STRONG TAPES

Guarantape™ EXTREME

Extreme tapes are very heavy duty signmaking grade tapes for work with almost all materials and in difficult environments. After application they perform well even in temperature extremes.

EXTREME MARATHON

Guarantape™

An ultra high performance foamed acrylic tape from the Guarantape Extreme range. Use for demanding situations like metal-to-metal signmaking and manufacturing situations. Acrylic adhesives have a strong instant 'grab' that will form an immediate bond but the curing process will also take place for 24 hours or more after application for the bond to reach full strength. Supplied as a 33m roll with a tape thickness of 1.2mm.

Width	Carton qty	Ref Grey	Ref White	Per roll single	Per roll carton
12mm flush	18	6392	6330	£24.96	£18.72

24mm flush	12	6396	6335	£48.18	£36.13

EXTREME GLUE TAPE

Guarantape™

This tape is also known as glass tape. It is a very strong adhesive for joining and mounting smooth or irregular surfaces. The tape is clear, thickness of 1mm, and has great resistance to UV and temperatures once applied. Roll length 33m. Also available as discs.

Width	Carton qty	Ref	Per roll single	Per roll carton
12mm flush	25	6497	£22.80	£17.10
19mm flush	12	6488	£33.93	£25.45
25mm flush	12	6499	£45.06	£33.80

EXTREME TRIATHLON

Guarantape™

Our exceptionally strong thin adhesive tape is ideal for many production situations where smooth surfaces need to be joined. Once the backing paper is removed the tape is nearly transparent. Roll lengths 50m

AUTOMATIC TAPE CUTTER

THE ORIGINAL AND THE BEST

These original machines are totally superior to unreliable copies and work reliably and consistently year after year. This dispenser is incredibly efficient for anyone carrying out large amounts of taping. It can be set to cut lengths of tape from 20mm to 999mm and handles tape widths from 6mm to 50mm on 76mm, 35mm and 25mm cores. Can be set to automatically cut the next length as soon as the operator removes the cut tape.

MAGNETS Magnetic discs are very popular for all types of assembly work requiring magnetic fixing or closures. They are super-strong magnets for their size and come with or without adhesive backing.

We'll **PRICE MATCH** or **BEAT**, speak to us now

ADHESIVE MAGNETIC DISCS

Adhesive magnetic closer discs, supplied in pairs to create clever fixings in boxes, folders, diaries and displays. High quality 3M adhesive backing with an easy peel tab to apply. Supplied in packs of 50, 100 or 1000 pairs.

Diameter	Thickness	Ref	50 Pairs	100 Pairs	1000 Pairs
9.5mm	0.75mm	7365	-	£30.02	£266.99
9.5mm	1.5mm	7366	£27.60	-	£483.07
15mm	1mm	7368	£33.29	-	£570.28

MAGNETIC DISCS

Powerful magnetic discs which can be used for hidden closure of files, cases and boxes. These are supplied in singles, not pairs, and do not have any adhesive backing. Supplied in packs of 100 or 1000 single discs.

Diameter	Thickness	Ref	100 Singles	1000 Singles
6mm	2mm	7363	£17.14	£115.43
9.5mm	2mm	7361	£28.65	£243.75
14mm	2mm	7362	£39.20	£349.57

ADHESIVE MAGNETIC TAPE

Heavy duty magnetic tape with a high quality adhesive backing. Can be cut to required length quickly and easily with scissors or a knife. To use this as pairs you will need to order type A and type B (opposite polarities).

Type	Thick-ness	Width	Length	Ref	Price	10+
A	1.6mm	12.5mm	30m	7367	£25.48	£19.11
A	1.6mm	25mm	30m	7369	£50.98	£38.23
B	1.6mm	12.5mm	30m	7374	£25.48	£19.11
B	1.6mm	25mm	30m	7376	£50.98	£38.23

Magnets have an invisible force that will always be of interest and a talking point when used. Now we see them used increasingly in presentation and display as they add a unique closure that stands out as a luxury product.

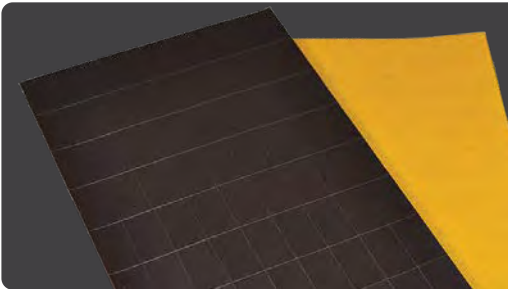

Hidden disc magnets feature in all these items...

MAGNETIC ADHESIVE CUT PIECES

These 15mm x 25mm cut pieces can be used individually for such uses as fridge magnets, or for display applications. They can also be used in pairs as closers for stationery and display uses. Thickness 0.5mm.

Size	Thickness	Ref	Pack 1000	Pack 5000
15x25mm	0.5mm	7364	£40.85	£139.56

WHITE STEEL TAPE

White faced steel tape with premium adhesive backing for use in conjunction with magnetic tape.

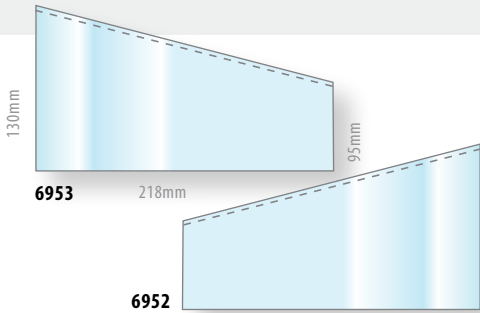

Size	Thickness	Length	Ref	Price	10+
12mm	1.5mm	30m	6303	£20.14	£17.12
25mm	1.5mm	30m	6306	£31.00	£26.35

RECYCLABLE ADHESIVE PLASTIC POCKETS

Our adhesive pockets are made from high quality, crystal clear and recyclable polypropylene, as opposed to many other pockets available which are made from thicker PVC material that is very difficult to recycle.

- ✓ 100% crystal clear
- ✓ Made from premium quality polypropylene
- ✓ Environmentally neutral, fully recyclable
- ✓ Low static – they won't stick together
- ✓ Long lasting – they won't curl or discolour

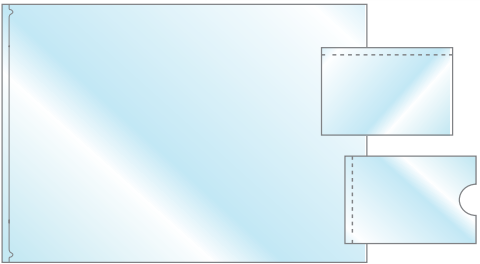

ADHESIVE ANGLED POCKETS

Angled adhesive pockets to fit A4 portrait sheets. Closed at the bottom and both sides.

BARREL CONNECTORS

Barrel connector pieces for use with nickel ball chain to create your own sized loops.

Product	Ref	Pack 1000
Connector	7123	£35.21

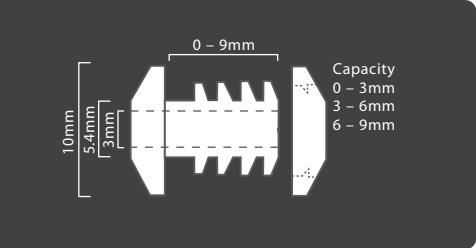

REELS OF BALL CHAIN

Large 500m long reel of nickel ball chain for tagging to exact sizes. Cut quickly and easily with wire cutters (page 61).

Product	Ref	Price
Reel	7124	£140.00

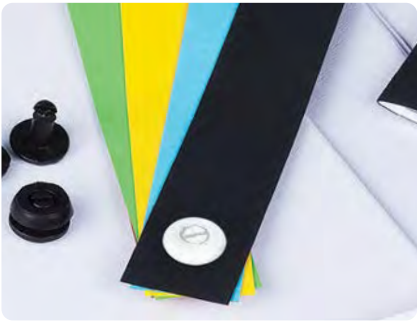

SWATCH FASTENERS

SWATCH FASTENERS

These clever fasteners are our own innovative design that allows you to add a loop through any swatch. Simple two-part push together fittings, with a range of capacities that click down to an exact fit and can't come undone. Ideal for security uses as well as display. Through the centre is a 3mm hole that can be used for cord or chain. These fasteners go through a 5.5mm or 6mm hole.

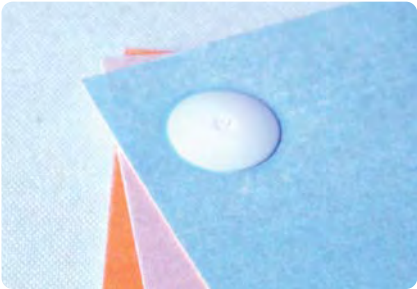

Capacity	Colour	Ref	Pack 100	Pack 1000
0-3mm	Clear	7507	£18.17	£94.21
3-6mm	Clear	7527	£20.21	£110.96
6-9mm	Clear	7547	£23.18	£125.40

SNAP STUDS

For a 6mm hole a quick and effective swatch fastening, simply snap together through any document or swatch for a permanent closure. Available in 3 fixed capacities – for a tighter fastening see our Swatch Fasteners.

Capacity	Black	White	Pack 100	Pack 1000
2.5mm	7560	7561	£12.23	£57.49
5mm	7562	7563	£13.93	£69.00
7.5mm	7564	7565	£17.82	£99.10

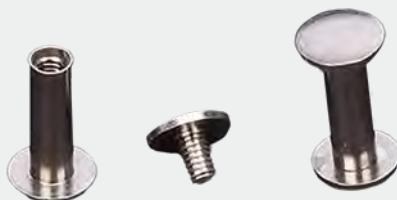

MINIFIX CLIPS

Small clip together snap rivets for use as a swatch fastener, binding method, or are popular for cardboard wheel calculators/info discs/colour wheels. The head diameter is 10mm and the capacity is 1.5mm. Hole size is 5mm.

Capacity	Ref	Pack 100	Pack 1000
1.5mm	7651	£16.73	£91.40

BINDING SCREWS

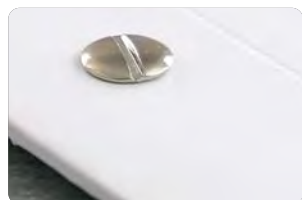

We'll **PRICE MATCH** or **BEAT**, speak to us now

TRADITIONAL BRASS BINDING SCREWS

Solid metal binding screws turned from brass, with a brushed matt finish or a more contemporary silver nickel coated finish.

All metal binding screws have a shaft diameter of 5mm, requiring a 6mm hole. Thread size is M4. Also known as Post Screws or Chicago Screws. 2mm and 3.5mm sizes have a hole through one of the heads.

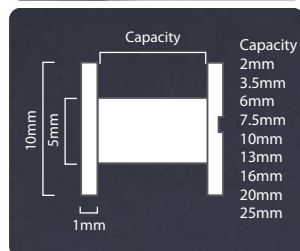

NICKEL FINISH

Capacity	Ref	Pack 100	Pack 1000

PRESCO PROFESSIONAL TRADE BINDING WIRE SPOOLS

Presco wire binding spools are formed from the highest quality wire and have got top ratings from the most demanding users. The sides are more rigid than other brands and this improves their strength and productivity.

Spools are available in both 2:1 and 3:1 pitches and in black, white and silver. Our Presco premium quality wire spools offer excellent value. These spools have been tested on many different automatic wire binding machines with outstanding results.

Presco colours available:

If you are looking for spools for faster delivery our stocked options are **Black, White and Silver**, please see pages 52-53.

Rilecart colours available:

Approximate colour representations only.

Amazing service

The online chat were incredibly knowledgeable and helpful. The guy (sorry can't remember your name) spent a good 10 minutes trying to get to the bottom of my very specific request and alerted me to the facility to order some samples, which I did. I now know what I need and will go back to purchase it. Can't recommend enough, one of the best customer experiences I've had for a long while and I didn't even spend anything. Presco clearly have their heads screwed on when it comes to customer service.

BINDING COMBS

PLASTIC BINDING COMBS

Plastic Comb binding is practical, low cost and less likely to crush. One of the big advantages of the comb binding system is the ability to reopen the document to add or remove pages at any time in the future. The binding capacity of up to 50mm exceeds most other binding systems.

ROUND	Diam.	Max. book thickness	Max no. of 80gms sheets	Box quantity	Black	White	Blue	Green	Red	Price

FASTBACK STRIPS

A Fastback bound document will make it look stunning. We stock a range of strips for use in many of the Fastback machines and can also get other colours and non standard items at only a couple of days notice.

Compatible model	Size	Max no. of 80gsm sheets	Black	White	Dark Blue	Red	Pack 100
Fastback 15/20	Narrow	125	5300	5301	5302	5303	£61.24
Fastback 15/20	Medium	250	5320	5321	5322	-	£76.96

All supplied in packs of 100 strips. For large quantities please contact us for a quotation.

WIRE OPENER

A great product for un-binding a wire bound document without damaging the pages. Simply slide the tool through the wire and it will open the wire so pages can be changed or added.

Product	Ref	Price
Wire opener	0689	£23.76

PET BINDING COVERS

With standard wire bound documents, all of the document can be recycled except the PVC covers, which are very difficult to recycle and often end up in landfill.

In contrast, PET – as used for Coke bottles – is the most commonly recycled plastic. We now stock covers made from the more sustainable PET as we work towards being a more eco-aware company.

PET RECYCLABLE COVERS

240 micron thickness fully recyclable clear PET covers are available in packs of 100 and 1000, in A4 or A3. These covers are made using part recycled PET.

PET covers are more heat-resistant than PVC and are suited for binding systems using heat.

Size	Ref	Pack size 100	Pack size 1000
A4	1650	£14.79	£127.20
A3	1653	£18.01	£143.10

PLASTIC-FREE COVERS

Environmental & sustainability benefits:

- 100% Plastic Free
- 100% Recyclable on its own or with paper
- Made 100% from renewable sources and bio-based additives
- Biodegradable and compostable to standards including EN13432, ASTM D6400, and TUV OK Compost Home.
- Produces no toxic by-products when incinerated.
- No GMO content
- ISO 14001 certified

100% PLASTIC FREE CLEAR AND FROSTED BINDING COVERS

These eco friendly binding covers are recyclable, biodegradable and compostable. Thickness 180 micron.

The binding covers are ideal for punching with all binding methods and are heat resistant so can be used for fastback binding. They have lightweight and relative low tear strength properties.

Size	Ref	Pack size 200	+5
Clear A4	1595	£58.24	£51.39
Frosted A4	1590	£58.24	£51.39

PLASTIC BINDING COVERS / ACETATES

The PVC covers are the most common covers used for binding. When binding with a system using heat, such as fastback, the heat-resistant PET covers should be used. The thicker Polypropylene covers have a soft embossed surface that gives a luxury feel.

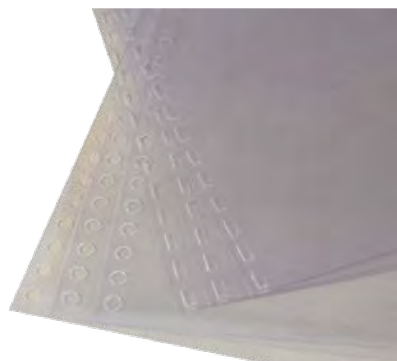

Size	Thickness/Type	Material type	Ref	Pack 100	Pack 1000
A5	140mic/clear	PVC	1626	£5.99	£47.00

A3	700mic/frosted	Polypropylene	1617	£34.27	pack of 50

PRE-PUNCHED PLASTIC BINDING COVERS

These PVC covers are pre-punched for wire and plastic comb binding. A popular choice as they eliminate wear and jamming when punching plastic covers. All covers are fully transparent.

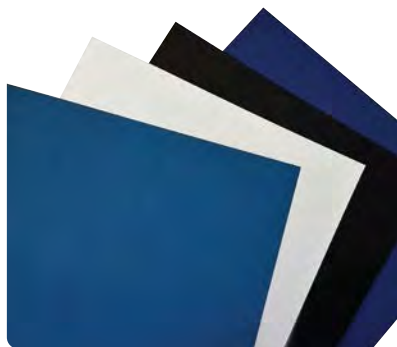

Size	Thickness	Punched for	Ref	Pack 100
A4	240mic	21 ring comb	1603	£17.00
A4	240mic	3:1 wire	1606	£23.12
A4	240mic	2:1 wire	1605	£23.12

CARD BINDING COVERS

A range of gloss card and leathergrain 240 micron card binding covers. All exact A4 or A3 sizes.

Size / type	Black	White	Mid Blue	Royal Blue	Pack 100
A4 Gloss	-	1681	-	-	£11.89

FILING PRODUCTS

MEDICAL FILING CLIPS

Plastic filing clip system, traditionally used for large medical record files, a simple plastic alternative to a lever arch file, reducing the bulk of square folders. 3 part system with a flexible plastic tube (lace).

Product	Ref	Pack 100	Pack 1000
Non-adhesive	7298	£26.65	£157.26
Self-adhesive	7296	£72.91	£419.61

FILING PRONGS & COVER STRIPS

Filing prong sets for simple production of binders. The adhesive and white non-adhesive versions can be used alone or the cover strips slide over them to give a smarter finish.

Product	Ref	Pack 100	Pack 1000
Non-adhesive filing prongs	7293	£15.27	£100.99
Adhesive filing prongs	7295	£18.73	£112.34
A4 Cover strip	7290	£26.43	£133.43

ADHESIVE FILE STRIPS

Invaluable method to file magazines, leaflets or other printed work without punching the document. These strips have one edge multi-punched for use with most filing systems and the other edge is adhesive.

Size in mm	Ref	Pack 100	Pack 1000
A4	2460	£15.76	£117.70

TRADITIONAL METAL FILING CLIPS

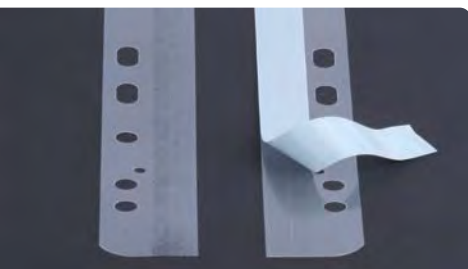

Traditional bright metal two part filing clips sets.

Product	Ref	Pack 50	Pack 1000
Metal filing clips	7284	£14.08	£166.99

RING REINFORCERS WHITE RECYCLED PP

Made of durable white recycled polypropylene, these ring reinforcers strengthen any punched hole and can repair damaged holes. Inner hole diameter 6mm. Pack of 1000.

Product	Ref	Price	10+
Ring Reinforcers White	7283	£3.98	£6.04

CALENDAR MAKING

CALENDAR SLIDING WINDOWS

The clear plastic straps wrap round the calendar and are linked with an elastic tag at the back. The red window, size 20 x 30mm, slides on the clear strips to mark the date. Supplied as a set of window, straps and elasticated tags to fit calendar widths of 297mm and 420mm.

Calendar width	Ref	Pack 100	Pack 1000
297mm	2455	£60.27	£534.69
420mm	2456	£67.99	£570.61

CALENDAR HANGERS

We sell
calendar kits
see page 63

57mm hangers are the most commonly used hangers and can be inserted after binding the calendar. The longer hangers give greater rigidity to the top edge of the calendar and these need to be inserted during the binding process. Use minimum 76mm length if 2:1 binding.

Our stock hangers are the industry standard No.3 profile. **Other profiles, rolls and straight bars available.**

Length	Black	White	Blue	Red	Green	Bronze	Silver	Pack 100	Pack 1000
57mm	2410	2411	2412	2413	2414	2416	2418	£10.39	£30.95
76mm	2420	2421	2422	2423	2424	2426	2428	£10.85	£36.46
102mm	2430	2431	-	-	-	-	2438	£11.11	£39.01
150mm	2440	2441	-	-	-	-	2448	£12.04	£48.21

WIRE CUTTERS

A pair of compact 140mm wire cutters used for cutting wire to length and for cutting out central loops when calendar binding.

Product	Ref	Price	+5
Wire Cutters	2450	£8.44	£6.75

Calendar binding in action go to  [presco.uk/cal](https://www.presco.uk/cal)

THUMBCUT PUNCH SYSTEM

A multipurpose cutting system which will punch thumbcuts in up to 100 sheets of 80gsm paper at a time. Round 6mm cornering die included, cutting depth of 10mm. Spare cutting disc included.

Model	Ref	Price
Thumbcut system	4451	£156.80

THUMBCUT HAND PUNCH

A sturdy hand punch to make a semi-circle thumbcut in the top of a calendar which can then be bound and hung using a calendar hanger.

Model	Ref	Price
Hand punch	4457	£27.90

RING MECHANISMS

A4 length mechanisms for the ring binders for fitting into custom made folders. They are also often used in point-of-sale displays where a catalogue is displayed in a retail or trade counter setting.

Type	Ring diam.	Pack size	Ref	Price
4 D Ring	25mm	210	1502	£191.83
4 D Ring	40mm	125	1505	£150.86
4 D Ring	50mm	90	1507	£168.19
4 D Ring	65mm	72	1509	£231.33

RIVETS

Used for fixing binder mechanisms into folders and many other display/ assembly uses. The diameter of the rivets is 4mm. The 6T rivets have a 6mm length and the 8T are 8mm long.

Type	Ref	Pack 100	Pack 1000

WHAT SIZE STAPLES
DO YOU NEED?

The first number of the 2 part staple type is the wire gauge and the second number refers to the length of the 'legs'. The leg length must be at least 3mm more than the thickness to be stapled. Check your instructions to find the maximum staple size your machine can use.

If you are unsure please contact us.

Find stapling machines online at **presco.uk**

STITCHING WIRE

WIRE BINDING MACHINES

RENZ SRW 360 3:1 WIRE BINDER

This is our most popular 3:1 trade wire binder. It punches up to 25 sheets of 80gsm paper in one go and, thanks to its selectable pins, it will also punch non-standard paper sizes up to 360mm in length. The SRW 360 will bind from 2.5mm up to 16mm thick using wire numbers 3 to 10 and has an adjustable margin depth.

Product	Ref	Price
SRW 360	0614	£554.00

RENZ ECO-S 360 2:1 WIRE BINDER

With all of the same features as the SRW 360, the Eco S is the 2:1 version and punches up to 25 sheets of 80gsm in one go. It can bind all sizes up to 32mm thickness using 2:1 pitch wires.

Product	Ref	Price
ECO-S	0649	£554.00

ELECTRIC MACHINES

RENZ SRW 360 COMFORTPLUS ELECTRIC WIRE BINDER

3:1 pitch electric punching and manual binding machine designed for regular use in a small to medium sized office. This machine can now achieve a punching capacity of 14,000 sheets per hour, increasing productivity and reducing time.

Product	Ref	Price
SRW 360 Comfortplus	0613	£1,849.00

RENZ ECO 360 COMFORTPLUS 2:1 WIRE BINDER

A considerably improved punching speed compared with the older Eco comfort machines. This machine has twice the punching speed of the previous model and is capable of punching 14,000 sheets of 80 gram paper per hour.

Product	Ref	Price
Eco 360 Comfortplus	0624	£1,849.00

SOFT-TOUCH ULTIMATE Presco✓

ADHESIVE
LEVEL

7

This ultra-matt, soft-touch or 'velvet' feel film is becoming really popular. It gives a distinctive aesthetic effect with the dead matt, and the soft feel of this unique film. Our brand is particularly designed to not easily show marks from handling and uses our strongest adhesive level for use with any type of print. You can use foil on this film for layered effects, to get a perfect result we advise testing before production.

SOFT-TOUCH 25MM CORE (1")

Width	Length	Thickness	Ref	Price
315mm	125m	43mic	6685	£69.37
440mm	125m	43mic	6688	£96.89

Width	Length	Thickness	Ref	Price
315mm	500m	43mic	6696	£227.54
440mm	500m	43mic	6697	£317.84

LAMINATING FILMS

SATIN *Presco*

Satin is a smooth film in between matt and gloss finishes, with some reflectivity and depth, but the feel of matt film. Gives a more subtle finish than gloss, ask for samples to see it in real life.

76MM CORE (3")

Width	Length	Thickness	Ref	Price
315mm	500m	27mic	6811	£74.59
440mm	500m	27mic	6813	£84.93

ANTI SCRATCH MATT *Presco*

Anti scratch digital laminating film (also known as anti-scuff) is a thin and hard wearing matt laminating film with an extra hard coating that will not easily scratch or scuff, allowing the printed matter to retain its integrity for much longer.

76MM CORE (3")

Width	Length	Thickness	Ref	Price
315mm	500m	30mic	6698	£200.97
440mm	500m	30mic	6699	£280.06

GUIDE TO FILM ADHESIVE STRENGTH LEVELS

FOR LAMINATING FILMS **ADHESIVE LEVEL**

3 The industry standard for everyday laminating but is not suitable for heavy ink coverage and some digital work.

5 Level 5 is the highest adhesion available from most suppliers. Digital printers are increasingly using this for reliable results.

7 The top level when no other laminate will stick. It will give a super high adhesion.

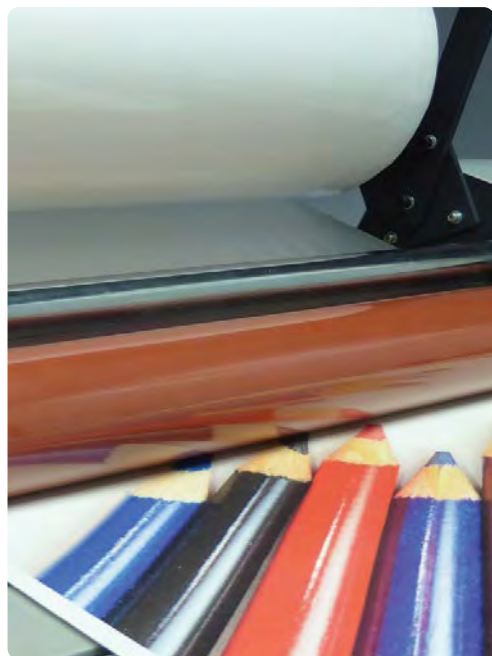

LAMINATION & ENCAPSULATION – WHAT’S THE DIFFERENCE?

The word ‘laminating’ is used to talk about laminating, pouch laminating and encapsulating, but there are differences. Lamination is usually a single sided process for enhancement of print. Encapsulation is a double sided process that completely seals the print and is primarily for protection, not enhancement, of print. Pouch laminators completely enclose the print, so they are actually mini encapsulation machines, not laminators! New digital laminates for use with roll laminators now have many different options to enhance your print and transform it into something special.

ENCAPSULATION FILMS

These films vary from laminating films as they are always applied to both sides of the substrate at the same time.

The 75 micron to 250 micron films are much thicker than laminating films and there is more adhesive on them. In particular, the 125 micron and 250 micron films will stick successfully to almost any printed work (subject to testing first).

FOR LARGE EYELETS

EYELETTING

3 HAND BANNER EYELETING TOOLS

The traditional tools, originally used for sailmaking, are a cost effective method of applying large eyelets to banners and other products. A hole does need to be punched in the material before applying the 2 part eyelets with this system.

Product	Type	Ref	Price
Closing tool set	No S4	4374	£82.88
Hole punch	No S4	4377	£35.62
Closing tool set	No S8	4389	£96.13
Hole punch	No S8	4392	£43.32

4 PRESKO HEAVY DUTY BANNER EYELETTER

This heavy duty banner eyeletting machine is well worth the extra cost for anyone regularly eyeletting banners or other work with large eyelets. The precisely engineered action makes banner eyeletting fast and simple for any quantity. Supplied without a die set. All the dies listed below will fit this machine.

Product	Type	Ref	Price
Banner Eyeletter	-	4399	£435.99
SPG Die Set	9.3mm	4393	£154.15
SPK Die Set	11.8mm	4394	£145.42
SPW Die Set	9.7mm	4395	£145.42
SPX Die Set	11.2mm	4396	£154.15
SPY Die Set	12.9mm	4390	£154.15

bannerEYE

True innovation in banner eyeletting.

A sturdy and simple machine for fixing plastic banner eyelets into materials, it can be used with plastic banner eyelets in black, white or clear.

bannerEYE is an innovation in banner eyeletting, using heavy duty plastic eyelet sets to make a secure fastening that is stronger and quicker to press than standard metal banner eyelets.

Get rid of metal banner eyelet issues like rusty eyelets and flimsy fixings with this system.

bannerEYE EYELETS

The eyelet sets are for use with the **bannerEYE** plastic eyelet press. The eyelets are self-piercing and punch a 13.5mm hole with a final finished internal diameter of 12mm. This is a specially strengthened heavy duty plastic with a very high strain level and will protect even the most demanding jobs. Black, White and Clear are stocked colours.

Flexible rubber thimblettes are ideal for ensuring a sure grip when hand finishing and also have ventilation holes for added comfort.

DRILLING

All 3mm and 4mm drill bits have a reduced cutting depth.

STANDARD EUROPEAN DRILLBITS

The most common drill bit style fitting. 85mm length with 50mm cutting depth to fit Babs, Citoborma, Corta, Foelmer, NFPE, Frewa, Kobold, Hang, Pescha, Uchida, Concorde, Stago-Zellar, Venus, Iram & Oslo drills. The tungsten coated grade versions are longer lasting and need sharpening less often, so they are ideal for large amounts of drilling. The Teflon coated drill bits create less friction and are particularly suited for laminated work. Note that the 3mm and 4mm drill bits only have a cutting depth of 30mm.

JOGGER BLOCKS

An essential for accurate guillotine work. These are far more than a block of wood – they are precision engineered nylon with magnetic inserts to ensure perfect knocking up of paper to be guillotined.

Product	Ref	Price
75x300mm	4107	£112.66
120x300mm	4109	£136.42

GUILLOTINE BLADES

Original highest quality German-made replacement guillotine blades as supplied with new Ideal guillotines. Available in Standard (Solingen) Steel or High Speed Steel grades. Our premium HSS blades are harder, will hold sharp edges longer and are suited for heavy use environments.

Please contact us for prices on blades for **all guillotine brands**.

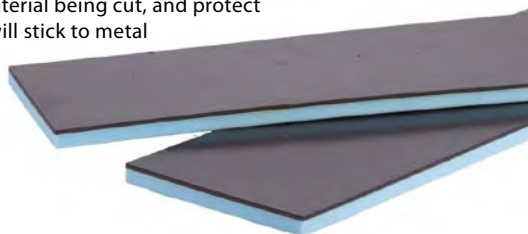

More options available, call for details

MAGNETIC CLAMP PADS

Magnetic clamp pads for paper cutting guillotines take away the problem of unsightly markings from the metal hydraulic clamp. Particularly beneficial when cutting laminated stock or carbon papers, NCR or delicate stocks. Made from a 2mm magnetic rubberised layer and a 5mm high density foam, these pads provide the cushioning to cope with almost every material being cut, and protect the guillotine blade as well. Supplied in a pack of 2, will stick to metal surfaces of your guillotine for easy access.

in special sizes and colours.
Minimum order value £250.

SHRINKWRAP FILM

PVC FILM 25 micron shrink wrapping film which works on almost all shrink wrapping machines. Roll length 450m.

Dimensions	Ref	Price	10+
300/600mm	6230	£59.90	£52.71
350/700mm	6235	£69.72	£61.35
400/800mm	6240	£79.43	£69.89
450/900mm	6245	£89.24	£78.53
500/1000mm	6250	£98.96	£87.09
600/1200mm	6260	£112.86	£93.69

POLYOLEFIN FILM A stronger, less brittle and static-free film. Not all machines can use this film. Thickness is 15 micron and roll length 1335m.

Dimensions	Ref	Price	10+
300/600mm	6232	£113.65	£96.61
350/700mm	6237	£132.28	£112.44
400/800mm	6242	£150.95	£128.31
450/900mm	6247	£169.58	£144.14
500/1000mm	6252	£180.31	£153.26
600/1200mm	6262	£225.64	£191.80

All of these films are centrefold with the two widths being the roll width and unfolded width.

PALLET STRETCH WRAP

Type	Size	Thickness	Ref	Price
Standard Black	500mmx220m	21mic	1340	£18.38
Standard Clear	400mm x 220m	17mic	1338	£18.38
Handy Wrap Dispenser	-	-	1333	£4.73
Handy Wrap Roll	100mmx150m	20mic	1335	£3.64

Quality stretch wrap film available in the hand application rolls and jumbo size rolls for machine application. The black film is increasingly popular for greater security.
